The Power of Early Music Education

Research shows that early music experiences support brain development, language skills, creativity and emotional well-being. Through playful musical activities, children build confidence, improve coordination and develop listening skills that last a lifetime.

Fees:

New registration (one-time fee): \$40 / \$20 (Sibling)

Spring 8-week program: \$160

- One adult and One child for each class you are attending; preferably same adult throughout the session
